b. It was decided that a Publications Survey Board would be organized and chaired by the Deputy Director (Intelligence), or his designee. Membership will include representatives of the Deputy Directors for Plans and Support. Since this Board is to consider intelligence publications only, the DD/S Representative is more or less a technical advisor; consequently, I have directed that [redacted] Chief, Printing Services Division, Office of Logistics, represent me in this connection.

Told him of my desire to have him in my office and of Ed Saunders' desire, as well as my own, to have him assigned to a key job in the Finance Division. Asked him to discuss the matter with Ed and then to get in touch with me again. However, I think there is no doubt but that he will take the assignment in the Finance Division and that we should make other plans for the replacement of [].
